PERFORMANCE

PROCUREMENT TODAY IS NO LONGER ABOUT BUYING PRODUCTS.

It is about making the right sourcing decisions, managing risk, ensuring quality, securing reliable supply chains, and creating long-term value.

At Moon Shine Group, we believe successful procurement begins with understanding our customers' objectives—not simply responding to enquiries.

That belief shapes every recommendation we make, every manufacturer we evaluate, and every partnership we build.

We combine global market intelligence, disciplined sourcing processes, technical understanding, and commercial expertise to help our customers procure Building & Construction Materials with confidence.

Because in today's competitive world, the right procurement partner creates value long before the first shipment leaves the factory.

“ We don't merely connect buyers and sellers. We build procurement confidence. ”

GLOBAL PERSPECTIVE

Understanding global markets, regional dynamics and industry trends to deliver the right sourcing solutions.

RISK MANAGEMENT

Proactive risk evaluation and mitigation to ensure secure, reliable and compliant supply chains.

QUALITY ASSURANCE

Rigorous supplier evaluation, quality inspections and strict compliance with international standards.

LONG-TERM VALUE

Building lasting partnerships that generate sustainable value for our customers and stakeholders.

WHO WE ARE

A GLOBAL PROCUREMENT PARTNER DELIVERING CONFIDENCE. EVERY TIME.

Moon Shine Group is a technology-driven global procurement and supply solutions organization specializing in Building & Construction Materials. We believe procurement is far more than sourcing products—it is about protecting our customers' commercial interests, minimizing procurement risks and creating sustainable value through informed decisions, disciplined execution and long-term partnerships.

Whether our customers are involved in **manufacturing, trading, distribution, engineering, infrastructure development, industrial production, energy, utilities, government projects or any** other business where Building & Construction Materials are essential, they all share one common requirement—reliable procurement.

That is where Moon Shine Group becomes your trusted procurement partner.

Rather than functioning as a conventional trading company, we serve as an extension of our customers' procurement team, representing their interests with integrity, professionalism and complete commercial responsibility. Every engagement is approached with the objective of helping our customers procure the right materials through a structured, transparent and dependable procurement process.

Our purpose is simple—to transform procurement into a strategic business advantage by enabling our customers to source with greater confidence, consistency and peace of mind.

Our reputation is built not merely on the products we help procure, but on the trust we earn, the commitments we honour and the long-term relationships we continue to build with customers and suppliers across the world.

“

Our strength lies in the way we think, the systems we use, and the partnerships we build. We approach procurement as a strategic discipline, not just a transaction—ensuring long-term value for every stakeholder we serve.

PERFORMANCE

OUR JOURNEY

Twenty-Two Years of Building Procurement Confidence

From entrepreneurial beginnings in international trade to becoming a technology-driven global procurement organization, our journey has been defined by resilience, innovation, strategic partnerships and an unwavering commitment to creating value for customers worldwide.

2004

THE BEGINNING

After two decades with multinational corporations, Mr. Sankar Nair began his entrepreneurial journey as a Partner in Blue Moon General Trading LLC, Dubai, UAE, connecting world-class manufacturers with emerging Middle East markets.

2006

BIRTH OF MOON SHINE

The business was rebranded as Moon Shine General Trading LLC, specializing in Building & Construction Materials. During the 2007–2009 global recession, the company successfully supported customers and suppliers in stabilizing procurement and import operations.

2009

EXPANDING HORIZONS

Established Moon Shine Building Material Trading LLC, Dubai, strengthening specialization in Building & Construction Materials while building long-term partnerships across the Middle East.

2011

STRATEGIC DIVERSIFICATION

Expanded beyond trading by advising manufacturers, distributors and stockists on regional expansion, market development and supply chain strategies.

2014

DIGITAL VISION

Conceptualized OPTIME, an operational platform integrating multinational corporate expertise with entrepreneurial best practices to improve procurement efficiency.

2018

STRENGTHENING OUR FOUNDATION

Established Pax Global Moon Shine Private Limited, Vadodara, India, creating a centralized process centre for sourcing, supplier coordination, documentation and customer support, while progressively expanding our business presence into African markets.

2020

TRADEALLY™ ERP

Launched TradeALLY™ ERP, integrating technology, market intelligence, standardized processes and operational transparency across the procurement lifecycle. The platform continues to evolve through ongoing enhancements to meet the changing requirements of international procurement and global trade.

2024

PROCESS. PEOPLE. PERFORMANCE.

Strengthened organizational capabilities through investments in people, advanced technology, global customs intelligence, commodity market analytics, SOP-driven operations and strategic expansion into African markets.

2025

NEW HORIZONS

Expanded regional presence through Moon Shine Gulf Trading WLL, Doha, Qatar, together with a strategic base in Al Khobar, Saudi Arabia, enabling High-Sea Sales capabilities, faster procurement support and improved responsiveness for repeat customer requirements.

BEYOND 2026 A VISION THAT KEEPS MOVING

We continue expanding our global procurement ecosystem through advanced technology, AI-driven intelligence, disciplined execution, strategic partnerships and continuous innovation—creating sustainable value for customers, suppliers and stakeholders worldwide.

“A journey built on trust, expertise and unwavering commitment to our partners.”

OUR COMMITMENT

We are committed to delivering procurement excellence through integrity, process discipline, technical knowledge and a partnership mindset.

Our success is measured by the success of the businesses we serve.

OUR STRENGTHS. YOUR ADVANTAGE.

In a complex global marketplace, what truly matters is not just **what we** do, but **how** we do it.

Our strengths are built over years of experience, refined through process excellence, empowered by technology and driven by people who care.

These strengths create value for our customers – every time, everywhere.

“Our strength is not in what we promise, but in how consistently we deliver.”

OUR CORE STRENGTHS

GLOBAL MARKET INTELLIGENCE

In-depth understanding of global markets, price trends, regulations and risks to support smarter decisions.

RIGHT SOURCING. RIGHT PARTNERS.

Strong network of pre-qualified and audited manufacturers ensures quality, reliability and competitive value.

PROCESS EXCELLENCE & GOVERNANCE

System-driven processes, strict documentation and governance ensure consistency, compliance and transparency.

QUALITY & RISK ASSURANCE

Rigorous quality checks and risk mitigation frameworks safeguard our customers' business interests.

TECHNOLOGY ENABLED

Advanced digital tools like TradeALLY™ ERP drive efficiency, visibility and data-driven decision making.

EXPERIENCED PEOPLE

A passionate team of professionals with deep industry knowledge and a commitment to customer success.

OUR VALUE PROPOSITION

PROCUREMENT CONFIDENCE

We give our customers complete confidence in their sourcing decisions through reliability, transparency and accountability.

TOTAL COST ADVANTAGE

We help optimize total landed cost through smart sourcing, efficient processes and strong partnerships.

ON TIME. EVERY TIME.

We value time as much as you do. Our systems and commitment ensure on-time delivery, every time.

PARTNERSHIP FOR THE LONG TERM

We build lasting relationships based on trust, respect and shared success.

PROCUREMENT WITHOUT UNCERTAINTY. PROCUREMENT WITH CONFIDENCE.

Every international buyer and procurement professional faces critical questions before placing an order:

- ✓ Can I consistently depend on a supplier for competitive pricing and reliable supply?
- ✓ Is the supplier genuine, financially sound and operationally capable?
- ✓ Am I buying at the right market price?
- ✓ Will production and shipment be completed on schedule?
- ✓ Will the delivered quality match the agreed specifications?
- ✓ Who safeguards my commercial interests throughout the procurement process?
- ✓ What if market conditions change after I place the order?

At Moon Shine Group, our structured procurement methodology, rigorous supplier due diligence, commodity market intelligence, SOP-driven execution and continuous order management are designed to minimize these risks—empowering our customers to make informed sourcing decisions with greater confidence, transparency and commercial security.

Thank You!

Thank You For Your Valuable Time

Every enquiry entrusted to us is treated with professionalism, confidentiality and complete commercial commitment.

SOME TAKEAWAYS...

DID YOU KNOW?

1

UP TO 50 TIER-1 SUPPLIERS ON A SINGLE ENQUIRY.

TradeALLY™ ERP can simultaneously manage procurement from up to 50 Tier-1 manufacturers for a single enquiry.

2

EVERY QUOTATION IS THOROUGHLY EVALUATED.

Every quotation undergoes a comprehensive techno-commercial comparison covering technical compliance, commercial terms, delivery schedules, payment conditions and overall value before it reaches our customer.

3

WE NEGOTIATE TO GET YOU THE BEST POSSIBLE OFFER.

We negotiate with multiple approved manufacturers through multiple rounds to secure the most competitive and commercially sustainable offer.

4

EVERY OFFER IS BENCHMARKED BEFORE RECOMMENDATION.

Every offer is benchmarked against live commodity prices, freight trends and currency movements to ensure realistic and competitive pricing.

5

ONLY QUALIFIED SUPPLIERS BECOME TIER-1.

Our supplier qualification process includes technical evaluation, financial assessment, quality verification and periodic factory visits before a supplier is approved as Tier-1.

6

EVERY SUPPLIER RECEIVES PROFESSIONAL FEEDBACK.

Every participating supplier receives professional feedback, strengthening long-term partnerships and improving future sourcing efficiency.

7

PROCESS DRIVEN. SYSTEM SUPPORTED. TRANSPARENT. TRACEABLE.

Our documented SOPs and TradeALLY™ ERP ensure complete process transparency, consistency and traceability across every transaction.

8

WE REDUCE RISK. WE CREATE VALUE.

Our objective is not simply to source products—but to reduce procurement risk while maximizing value for every customer.

WHAT WE EXPECT FROM OUR CUSTOMERS

Every quotation prepared by Moon Shine Group represents a significant investment of time, technical expertise, supplier engagement and commercial negotiations.

While our customers are under no obligation to place an order with us, we sincerely appreciate a timely response to our quotations, enabling us to:

Communicate professionally with participating suppliers.

Maintain strong long-term supplier relationships.

Improve future sourcing efficiency.

Continue delivering world-class procurement support.

★ Even a simple feedback helps strengthen the entire procurement ecosystem. ★

OUR COMMITMENT

**WE DON'T WANT TO BE YOUR BIGGEST SUPPLIER.
WE WANT TO BE YOUR MOST TRUSTED
PROCUREMENT PARTNER.**

Trust is earned through every enquiry,
every quotation, every shipment and every commitment we honour.
